

Quality Policy Statement

Lee Warren Fabrication and Design (the 'Organisation') aims to provide quality products and services to the satisfaction of its clients

The Organisation operates a Quality Management System that is based on BS EN ISO 9001:2015 including aspects specific to the construction industry.

The management is committed to:

1. Developing and improving the Quality Management System to comply with the requirements of BS EN ISO 9001:2015 and gaining certification with a UKAS accredited body.
2. Continually monitor the effectiveness of the Quality Management System.
3. To regularly review this Policy in order to ensure its continuing suitability.
4. The enhancement of client satisfaction.
5. Working with our suppliers and customers to establish and maintain the highest quality standards.

The management sets itself objectives at regular intervals and measures the performance of the management system against these objectives. These main objectives KPIs are set in the six-monthly Management Review Meeting according to the prevailing needs of the business, where, in line with the system audits, their effectiveness will be determined in order to establish continual improvement in quality performance. These will be included within the minutes of the meeting.

The structure of the Quality Management System is defined in the Quality Manual.

In addition to British Standards, English and EU commercial legislation and regulations, the organisation complies with those specifically related to its business activities.

This Policy applies to all employees of Lee Warren Fabrication and Design and will be available via the intranet and published on the noticeboards.

Signed on behalf of Lee Warren Fabrication and Design Ltd.

A handwritten signature in black ink, appearing to read 'wff', is placed over a light grey rectangular background.

Warren Few, Managing Director.
